We as a Department will not be involved in any enforcement aspect of this planned protest/activist activity, but may possibly get involved by way of rescue type situations that fall under our section's operational purview.

Just a heads up regarding activity of some humanitarian groups. We will not be involved as the arrests to which they are referring are violations of federal law.

Not sure if we will see an uptick in rescues, but the possibility exists.

Captain John Stuckey
Commander, Patrol Division

Good morning John.

FYSA, I understand that No More Deaths is planning a #FloodtheDesert campaign, August 3-6. Planning to join with humanitarian aid workers who provide food and water in the desert and

together resist government repression of this life-saving work - direct action to participants is to assert the right to save lives by stocking water caches, risk the same charges facing No More Deaths activists **seeking people willing to face misdemeanor charges**, willing to contest those charges on the grounds that saving lives is never a crime.

<https://uucsj.org/faith-floods-the-desert/>

Thanks John.

Rob.
